

A WELL RECOGNIZED MONTH OF GREAT SAVINGS--JANUARY

Geo. Innes & Co.
THREE HUNDRED DOZEN GARMENTS.

Geo. Innes & Co.
INNES NON-SWEAT SHOP UNDERWEAR.

Our Great January Sale Undermuslins Opens Tomorrow

'Twill be a wonderful week of white. We cannot recall an instance in our progressiveness when it would have been possible to dispose of, in a single week, the number of garments we will sell these next six days. To mark this event's first January in its enlarged quarters we have organized this sale of Dainty Undermuslin to double its usual proportions. The assortment of advanced styles produced by famous makers is beyond description. Every piece is liberal in size, well cut, stitched with extreme care, daintily trimmed, fashionably correct and absolutely clean and sanitary.

Despite the recent advance in muslins we will sell high class garments at such unmistakably low price that this sale will be noted as the greatest money-saving event of the season for the women of Wichita and vicinity.

One more important point to note in this great offering is the absence of the over-gaudy, cheap-laced affairs and the plainer but better qualities used in their stead—a sensible feature which will appeal to every woman who cares for wear and substantiality.

La Vida Corsets

La Vida Corsets are always up to the modes. The models are constantly being changed. As soon as the swagmoderist evolve a creation in gowns, that soon does La Vida model appear meant to wear with the new vogue. Some very graceful styles have just reached us. They are straight front models with rather long hips designed for the popular hip-tight skirts. We should like you to know them. Hand-made, of course, and white-lined. La Vidas are always full gored and bias cut.

A New York Corset Fitter is Here

We cordially invite you to visit Mrs. Dean of New York, who will be at our Corset Department this entire week, to give a word of advice or suggestion regarding corset improvement, carriage or figure.

She will fit La Vida Corsets and see that you get the proper model to wear in order to be most graceful, and healthful and comfortable.

This service is free, and you are not obliged to us in any way for advice or help. Let us urge you to come early, as Mrs. Dean will be with us this week only.

WHY CAN'T WICHITA PIPE THE GAS?

Chamber of Commerce Is at Work on the Plans.

TO FORM LOCAL COMPANY

Gas Can Be Guaranteed to Every Investor.

At the present time the gas committee of the chamber of commerce is working on a plan whereby the citizens of Wichita may form their own corporation and own all the stock in a company to be organized for the purpose of piping gas into the city of Wichita. At a meeting of that body held last evening at the rooms in the city building the following plan was outlined:

In the first place it is estimated that the cost of laying the pipes complete for conducting gas from the fields of eastern Kansas to Wichita would cost \$200,000. The plans for raising money are as follows:

It is estimated that the sum mentioned in the foregoing is expended annually for coal by the people in the city of Wichita. Why not have each citizen advance by subscription a similar amount of money to that expended by each during one year, with a guarantee that he will be given gas at a price of twenty-five cents per 1,000 cubic feet until the amount of each subscription is consumed. This, it is said, can be guaranteed for the reason that all necessary rights, that is, consisting of procuring right of ways, etc. are gotten before the amount of capital is expended.

A board of trustees composed strictly of Wichitans would be appointed to care for and manage the funds.

At the meeting held yesterday the following committee was appointed to draft plans for piping the gas to Wichita by a Wichita company: A. E. Heim, C. S. Southward, Fred Richter, C. L. Davidson, J. Giles Smith, E. T. Allen, and D. L. Olmer.

These gentlemen will meet Tuesday afternoon at the office of A. E. Heim for the purpose of formulating and setting forth plans in detail for the work.

At a meeting of all members of the chamber of commerce to be held at an early date, the committee will make its report.

It is said that if a company is formed and the money is subscribed within a short length of time so that work may begin, the city of Wichita will be burning gas before next winter.

DRAWING IS HELD.

Poultry Association Closes Its Most Successful Show.

After the drawing of the lucky numbers last night the Wichita Poultry and Pet Stock association closed the most successful meeting that they have ever held.

Secretary Schopf said last night that the attendance for the week had been excellent and that the association was very much pleased with the success of the meeting. They consider that both from the high grade of the exhibition and the financial standpoint it is the most successful meeting they have ever held, said Mr. Schopf.

At 9 o'clock yesterday morning the association held its annual election of officers. The following officers were elected for the coming year: A. J. Walcott, president; W. R. Watson, first vice-president; H. P. Swedberg, second vice-president; H. L. Smyser, third vice-president; L. E. Ward, fourth vice-president; Mrs. J. R. Kenworthy, fifth vice-president; H. W. Schopf, secretary; Otto Welke, treasurer; C. H. Schuman, superintendent of poultry; and L. E. Ward, superintendent of pet stock.

A. K. Peck of Matlock, Mass., was chosen judge for the next year's exhibition, as there was a general satisfaction among the exhibitors this year with the awarding of premiums.

At 9:20 last night the show room was crowded with spectators who had come for the purpose of being present at the

drawing for the prizes which have been on display during the week in the window.

The numbers drawing the prizes are: first prize, stove, \$200; second prize, rocking chair, \$50; third prize, lamp, \$25; fourth prize, picture, \$10.

WILL REPEAT PRODUCTION.

"Ship Ahoy" Will Be Given January 16 at Auditorium.

By special request of the theater goers of Wichita the High school seniors will repeat their successful production of "Ship Ahoy," the clever comedy opera which made such a hit last week. The same splendid cast and magnificent chorus will present the attraction with all the brilliant stage effects which were such features of the original production. The chorus is the prettiest that ever appeared in Wichita and the ensemble work surpassed that of many professional companies. In order to accommodate a larger audience the Teller has been secured for next Saturday night, January 16, at which time the opera will be repeated. The admission will be 25 cents with an additional 10 cents for reserved seats. Tickets will be reserved Thursday the 15th at the box office and are for sale by High school students and at Goldsmith's book store and H. B. Allen's pharmacy.

A Cure For Rose Cold Hay Fever and ASTHMA

A prominent New York lawyer in an unsolicited testimonial says: "HIMROD'S ASTHMA CURE cured me when all other remedies failed. Physicians' prescriptions did not even relieve. For years I have been a sufferer of Rose Cold with all of its annoying symptoms, such as constant sneezing and itching watery eyes. Himrod's Asthma Cure is the only cure I have ever had. It never failed." The late (Dr.) Oliver Wendell Holmes in his book "One Hundred Days in Europe" says: "I have used all remedies—Himrod's Cure is the best. It never failed." Send for a generous free sample today and try it. It will not disappoint you.

HIMROD MEDICINE CO., 14-16 VESKY ST., NEW YORK. For sale by all Druggists.
